O Connaître le sens des termes unités, dizaine, centaine, unité des milliers...

Fais les échanges puis complète les boîtes à compter et le compteur.

The activity consists of six counting boxes arranged in a 3x2 grid. Each box is a 3x3 grid with a diagonal line. The boxes are used to represent the exchange of units, tens, hundreds, and thousands. The counters are small squares (units) and small cubes (tens, hundreds, thousands). The activity involves exchanging 10 units for 1 ten, 10 tens for 1 hundred, and 10 hundreds for 1 thousand.

- Box 1 (top-left):** 10 units (squares) and 2 tens (cubes).
- Box 2 (top-right):** 10 units (squares) and 2 tens (cubes).
- Box 3 (middle-left):** 10 units (squares) and 1 ten (cube).
- Box 4 (middle-right):** 10 units (squares) and 1 ten (cube).
- Box 5 (bottom-left):** 10 units (squares) and 1 ten (cube).
- Box 6 (bottom-right):** 10 units (squares) and 1 ten (cube).
